

Cat[®] Classic Pins and Pin Assemblies

For Your Older Cat Machines

Making a Difference for Older Cat Machines

Caterpillar[®] machines have long, productive lives. And when you run a machine long enough, you eventually have to re-evaluate your maintenance costs, considering the application, utilization, resale value and length of time you expect to keep the machine. That's why we're offering parts that can make a difference—Cat Classic Pins and Pin Assemblies—to help you manage maintenance costs for your low-hour, low-load machines.

One of many parts options available from your Cat Dealer, Classic Pins and Pin Assemblies provide sensible solutions for pin replacement. They:

- Meet or exceed industry specifications and dimensional requirements
- Deliver reliable performance for older machines
- Are readily available from your Cat Dealer at competitive prices
- Offer the confidence of the standard Caterpillar warranty

Caterpillar. The difference counts.™

Cat Dealers define world-class product support. We offer you the right parts and service solutions, when and where you need them.

Our Cat Dealer network of highly trained experts keeps your entire fleet up and running to maximize your equipment investments.

CATERPILLAR[®]

Cat Classic Pins and Pin Assemblies

Cat Classic Parts

When choosing pins or pin assemblies for your Cat machine, you have several factors to consider: How old is the machine? How will it be used? How heavily will you rely on it? And how much is the machine worth to you?

Depending on your situation, Cat Classic Parts may be part of your solution. You can trust the experts at your Cat Dealer for all your parts needs. Come in and talk to us. We'll be glad to help you make an informed decision.

Working Together for Better Performance

A pin is only as good as the components you match it with. So when you choose Cat Classic Pins, make sure you match them with a genuine Cat Bearing or Bushing. Constructed of slightly softer materials than their respective mating pins, they help reduce wear on pin surfaces.

The Better Bottom Line

Guaranteed for fit and function, Cat Classic Pins and Pin Assemblies offer the right combination of quality and price for your older Cat machines. Plus, they provide something that other brands will never be able to match—the total support of your Cat Dealer.
