

## Reusable Couplings for XT Hose

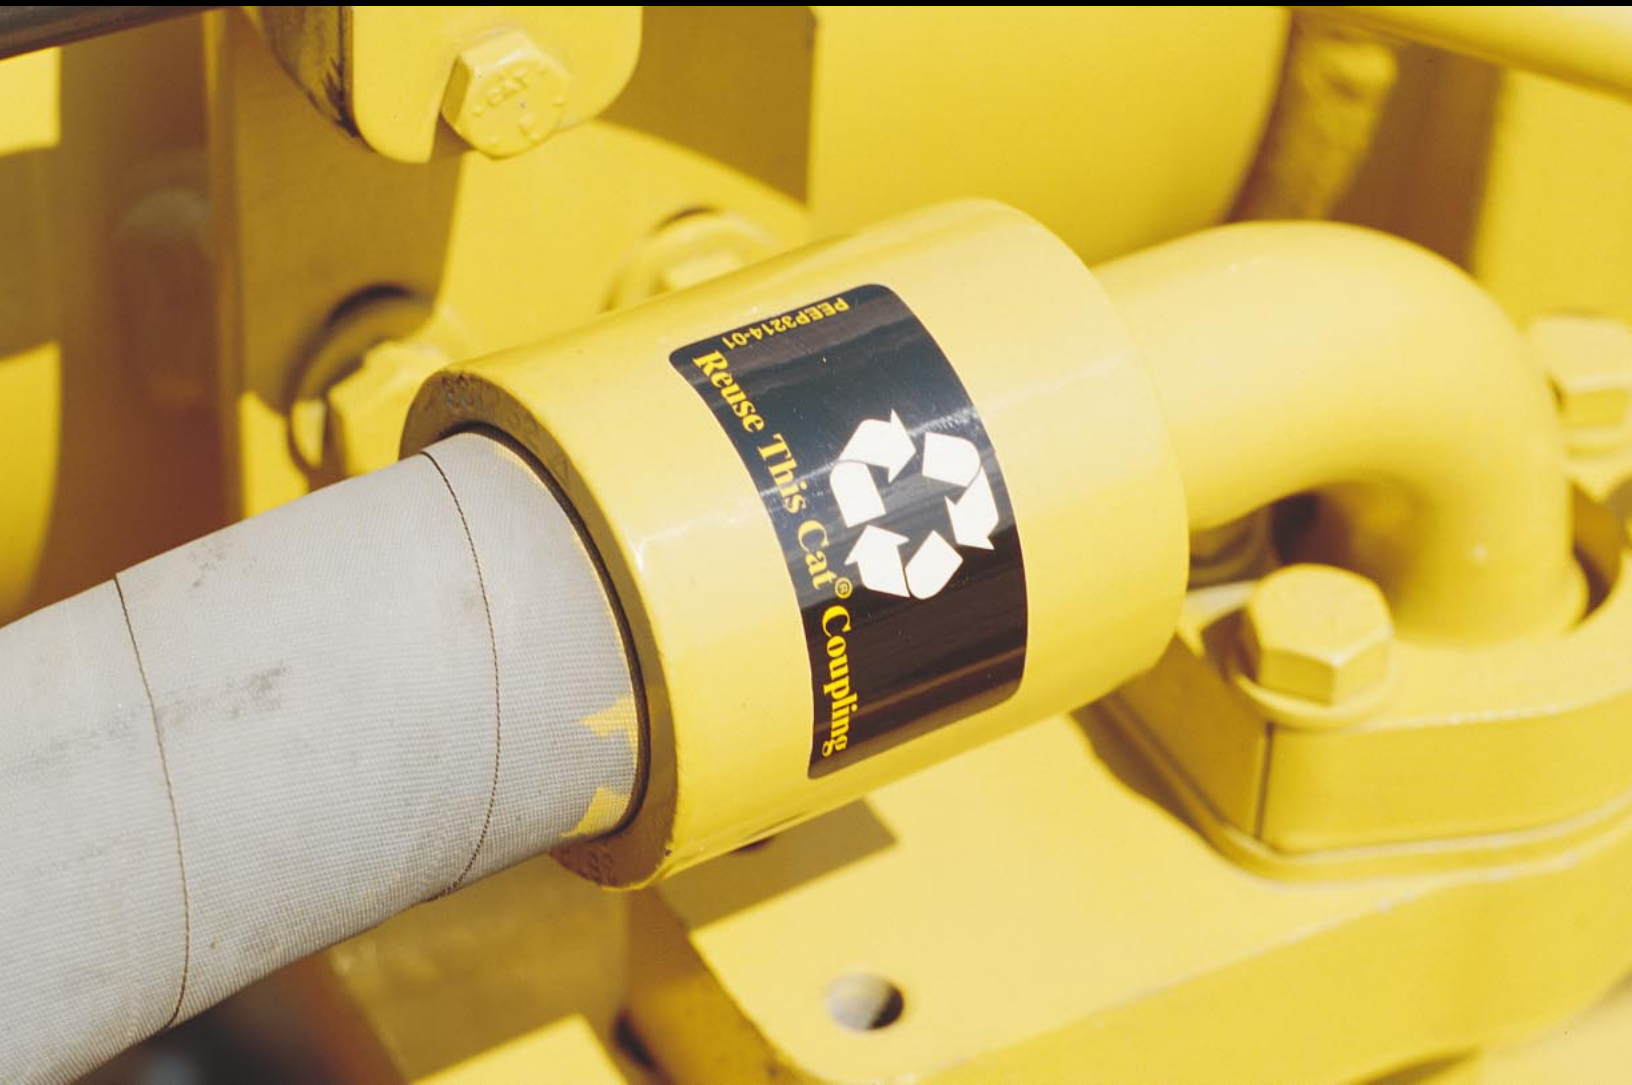

**A** - Sleeve      **B** - Hose      **C** - Stem

**Cat reusable couplings for XT Hose feature an exclusive design that reduces your biggest hose repair expense.**

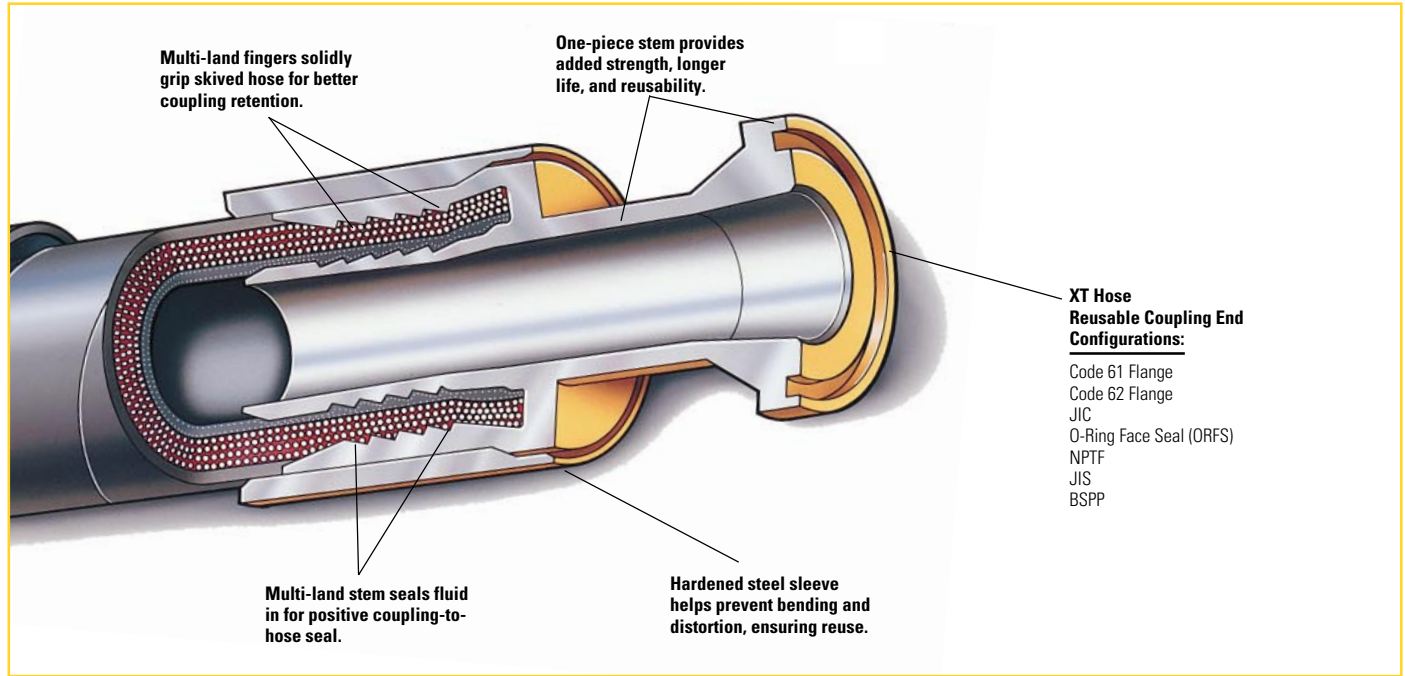

### ***Exclusive design lowers costs and reduces downtime***

Cat reusable couplings for XT Hose are the only couplings you will ever need. They feature a unique two-piece design that allows you to reuse the couplings—so you don't need to purchase a new coupling every time you replace worn hose. In fact, reusable couplings save you an average of 40% off the cost of assemblies with permanent couplings.

Plus, by installing Cat reusable couplings for XT Hose on your machines, you'll always have a ready inventory of couplings. When you need to replace worn hose, we just take off the coupling, install the new hose, and reattach the coupling. We'll have your repaired hose assembly ready fast—so you can get back to work quickly.
